

2026-2027 Rare Disease Research Grant Program Budget Form

PI Name:	
Title of Proposal:	
Date:	

Budget:	Phase 1: up to \$50,000 Phase 2: up to \$100,000
Total Amount from Section A-D:	\$ 0.00

Section A: Personnel Salary	Amount
List all personnel employed at FSU. Do not include non-FSU employees, such as personnel at other organizations or consultants. Each person's role on the project should be identified in the proposal budget justification section. OPS personnel should be budgeted using an hourly rate. PI/Co-PI Salary is not allowed.	
Other Personnel Salary (GA, Undergrad, Post-Doc, Technician, etc. are allowed. Faculty, USPS and A&P are not allowed.)	\$ 0.00
Total:	\$ 0.00

Section B: Travel	Amount
Travel expenses for project personnel with effort on the project to attend conferences, workshops, or other such research meetings that are necessary to carry out the project are allowable direct costs. These costs include transportation (airfare, mileage, etc.), lodging, ground transportation, registration fees, and per diem. Maximum allowed \$5,000.	
Domestic (U.S., Alaska, Hawaii, Puerto Rico, or U.S. Virgin Islands)	\$ 0.00
International	\$ 0.00
Total:	\$ 0.00

Section C: Other Direct Costs	Description	Amount
Materials and Supplies	Supplies that are directly related to the project. Equipment less than \$5,000.	\$ 0.00
Publication Costs	Costs for publication of research results in professional journals. Book subventions are not allowed.	\$ 0.00
Consultant Services	A consultant is an expert advisor who is paid to provide advice, but should not be making decisions for the direction of the research. Consultant costs are allowable as direct costs as long as it directly benefits the project. If the consultant is an employee of another university, be certain that the consultant is following his/her home institution's consulting policy.	\$ 0.00
ADP/Computer Services	Research specific computer services, such as reserving computing time on supercomputers or getting specialized software to run statistics.	\$ 0.00
Consortium/ Contractual Costs	Costs associated with a vendor that provides a service or good that is provided to the general public and not unique to the project. Typically the organization is for-profit.	\$ 0.00
Total:		\$ 0.00

Section D: Additional Other Costs	Amount
Other costs that are not mentioned above can be budgeted as a direct cost as long as they are allowable, allocable, reasonable, and consistently treated, such as incentives and/or payments for research participants.
